September 1st**

Training Vision: To raise awareness concerning the significant role of the faith community in suicide prevention. To provide practical training to help churches and ministries create a supportive network to help people in crisis and reduce the rate of suicide in our community. (Training presented by people of faith)

What you will learn:

- The risk factors and warning signs of a person who may be considering suicide.
- Practical intervention skills including referrals to faith-based counseling and support services as well as local mental health services.
- Understanding how and what faith-based counseling and support services can do for you and your congregation.

There will also be a special September 11th Honor Guard & Prayer in remembrance of 911

Registration – Please complete the registration information for each person attending and return to Project SPEAK at deobila@DaytonaState.edu or via fax at (386) 506-3150. For more information call Tony Deobil, Project SPEAK Coordinator (386) 506-4218 or check us out on facebook @ projectspeak
